Benefits of SPH Online English Services

1. We have a developed plan to assist you to prepare to take your English exam or to be more confident in your spoken and written English.
2. Good English is a part of the overall assessment of your ability to successfully adapt to a new life in Canada.
3. This online resource prepares you to communicate effectively and to be safe in the work environment.

WE PROVIDE...

A MORE EFFECTIVE WAY to adhere to an English learning program - accessing online tutorial in a time that suits you is more likely to lead to your success.

ORGANIZED FOR YOU...

The required units for all level of English is organized in one place and with direct access to feedback from a registered English teacher with success in directly teaching and mentoring in English.

STUDENTS

English language is required for studying many academic programs in Canada. SPH Online English services can also be used before starting your studies and for ongoing support in your learning.

Improving English PROFICIENCY and passing IELTS to a good standard means that you may not need to complete an English Second Language Course (ESL) prior to starting your chosen area of study. Instead, you can start your studies and use ESL classes as a support strategy.

REDUCE COST AND EFFECTIVELY USE OF YOUR TIME. Traveling to English learning centres can be time consuming and difficult for persons who have full time jobs and other commitments. So, you can use SPH Online English services on your computer in the comfort of your own home. With the added advantage that you can set the time to practice and learn by repeating exercises until your confidence and competency improves.
